The application has been amended as follows:

In claim 13, line 4, "non-mircofibers" has been changed to -- non-microfibers --.

2. The above change has been made in order to correct a misspelled word.

3. The following is an examiner's statement of reasons for allowance: Claims 13 and 14 are allowable since the prior art does not disclose a method for producing a hydroentangled sheet including forming a fibrous web of fibrillated rayon fibers comprising larger non-microfibers and smaller microfibers extending from the larger non-microfibers and with a degree of beating of at most 700 cc, and pressing the fibrous web under heat while the surface is wetted with water such that the smaller microfibers are hydrogen bonded to the other microfibers or the other fibers.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably
